## **WAIKATO DIO - BOARDING VAN**

As per our boarding handbook, we have a boarding van which operates from 3.30pm-8.30pm Mon-Thu to transport students to/from extra curricular activities. This is for Dio school activities only, unless we can manage it. As you can appreciate, trying to accommodate all students can be extremely difficult (with venues spread across the city and times varied). Therefore, depending on the venue, times, and specific needs - other arrangements (and associated costs) may need to be made by parents/parents/caregivers.

Some parents have agreed to use ubers and taxis and have accounts set up for this, which we encourage. Payment and bookings can then be managed directly by parents. House parents will not have time to organise taxis for 34+ students generally, although they will certainly be able to assist on occasion. Again, depending on the number of students requiring the van on any given day, and the destination - staff will gladly organise group shuttles and have the cost split and then disbursed to parents.

What we have found helpful, and will continue to encourage is that girls speak with the sports coaches/managers, day girl team mates or friends to see if they can catch rides with them; often they are going past Boarding and therefore this makes sense. However, these drivers must be noted on the student's 'Permission' form, which can be updated as often as necessary via an email to House Parents. Students will not be granted permission by boarding staff to leave boarding in a vehicle without parent permission.

Please know we will always do our best to accommodate students' extra curricular activities.
